

HTK 18T

Suitable accessories

Loose spare wheel
Duomatic coupling
Swivelling towing eye with Ø 40/50 mm towing eye
Drawbar for different lengths and coupling heights
7-pin socket at rear
Reversing light (additional)
Work light
Rotating beacon incl. 7-pin socket
LED rotating beacon
Wear plate for bridge
Hinged doors instead of tailgate
Side wall extensions
Steel grid extensions
Plastic tool box
Night parking warning signs
Rear marker boards
Bridge safety supports
Covering net
Side impact protection
Aluminium ramps
Folding support legs

Side impact protection

Side panel lifting springs

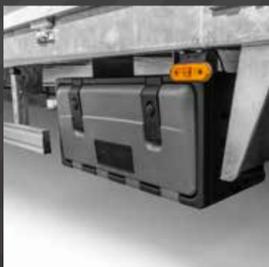

Additional LED work light

Aluminium ramps

Additional reversing light

Plastic tool box

Additional accessories available on request

DETAILS

TANDEM THREE-WAY TIPPER 18t HTK 18T

HTK 18T Technical details

Model name	HTK 185024	HTK 185524
Total permissible weight in kg	18 000	18 000
Total dimensions in mm (LxWxH)	7 000 x 2 550 x 1 750	7 000 x 2 550 x 1 750
Internal dimensions in mm (L x W)	5 030 x 2 420	5 530 x 2 420
Load capacity in kg	13 620	13 420
Load height in mm	1 140	1 140
Tilt angle (side/rear) in degrees	45/48	45/48
Tyres	435/50 R19.5	435/750 R19.5

Subject to technical modifications. All dimensions are approximate values and refer to the standard vehicle without accessories. Additional equipment changes both the unladen weight and the load capacity!

HTK 18T General equipment

CHASSIS

- Axles with drum brake, no-maintenance parabolic suspension for optimal load compensation

BRAKING SYSTEM

- EBS pressurised air brakes for pneumatic suspension, ALB brake power regulator for parabolic suspension, connector hoses with red/yellow couplings, braking system with spring-loaded parking brake, standard for EBS

DRAWBAR SYSTEM

- Central bar with screw drawbar eye Ø 50 mm, galvanised, can be infinitely adjusted via the crank handle

ELECTRICS

- 12/24-volt lighting system with multi-chamber rear lights and LED side marker lights
- 15-pin connector

LOADING + LOAD SECURING

- Lashing points 6 t set into the bridge floor (5 pairs / 5.0 m; 6 pairs / 5.5 m)

CHASSIS FRAME

- Solid, welded and galvanised frame for optimal stability and safety; bridge floor made of 4 mm fine-grain steel, non-interchangeable rocker bearings
- Motorised hydraulic three-way tipping system, five-level cylinder with lift limiter

- Mudguards with anti-spray
- 2 wheel chocks with holder
- Reinforced 12 t gear-supported jack with load and overdrive speed

TIPPER BRIDGE

- Laser-welded quality steel side walls 600 mm, can be folded down on the sides and at the back, removable and oscillating with central locking mechanism, removable front wall
- Bridge frame hot-dip galvanised with longitudinal, lateral and diagonal braces for exceptional stability and concentrated loads
- Side walls primed and lacquered with high-quality 2K paint for optimal corrosion protection, sealed hollow spaces, your choice of single-colour paint in RAL

TANDEM THREE-WAY TIPPER HTK 18T

HIGH LIGHTS

The large, economical three-way tipper HTK 18t has a comfortably low loading height for its class, and 600 mm side panels for a large payload volume. The extra-wide tyres provide for low ground pressure and ensure safe passage over poor terrain.

HTK 18T with side panel extension

Ingenious functionality down to the last detail

EASY TO OPERATE

- Draw tube adjustable without steps
- 15-pin connector

SECURE TRANSPORT

- With drum brakes
- Pneumatic suspension with shock absorbers, electronically controlled for tipping stabilisation
- 2 wheel chocks with holder
- Reinforced 12 t gear-supported jack

Your heavy load benefit package
NOW STANDARD FOR ALL
HUMBAUR HGV TRAILERS
